^{*}Premium Samples are those from subjects who have had more than one blood sample or subjects with complicated outcomes (preeclampsia, diabetes, preterm birth, etc.). These samples will be charged at a 50% higher rate.

^{**}Following a data request that exceeds 100 participants, the first update to the data request with the same variables will be complementary. Subsequent requests will be charged at 50% the original charge.

^{*}Includes 36+ month questionnaire completed by mothers of children missing previous questionnaires at 36 months or 4.5 years.
